KENNY ESTRELLA

UI Developer / Front-end Developer

website • kennyestrellaworks@gmail.com
+639177773376 • linkedin • github • behance

Creative front-end developer with a love and passion for coding. With 5+ years of experience, I'm currently enjoying the process of learning in my Udemy courses, building responsive web themes, components, and clean user interfaces. Targeting HTML, CSS, JavaScript, and other web development technologies.

Web Technologies

HTML5, CSS3, JavaScript, Sass, Github, Npm

Tools & Apps

Filezilla, Git, VSCode, Photoshop, Illustrator, XD

EMPLOYEMENT

Illustrator • Apr 2022 - May 2023 • 1 yr 1 mo

RipeConcepts, Incorporated

RipeConcepts is a digital creative arm of Nagarro, is a leading expert in digital product engineering.My role as an illustrator is to create illustrations needed for their clients.

Freelance UI / Web / Graphic Designer & Illustrator • Nov 2018 - Mar 2022 • 3 yrs 5 mos

Upwork

Since Elance changed into Upwork, I established a profile from the ground up, then performed well until I got the Top Rated Badge. As a freelancer, I worked and communicated with clients to help them with their projects. Most of my projects are illustrations related, but I also do UI for mobile or web apps, graphic design, and web design.

Junior Web Builder • Feb 2017 - Apr 2018 • 1 yr 3 mos

CML, MOPRO Philippines, Incorporated

Mopro is an information technology company that creates web development solutions for small and large-scale businesses. I was responsible for building dynamic and responsive web pages using the company's content management platform.

Freelance UI / Web / Graphic Designer & Illustrator • Jul 2015 - Jan 2017 • 1 yr 7 mos

Elance

Elance is a web platform where we can get clients worldwide. After a few months, I reached Top Rated status by maintaining good service and relationships with my clients. My projects are usually user interface designs for mobile apps and web apps. And, I also do illustrations from cartoons up to concept art.

Graphic Illustrator • Aug 2011 - Jun 2015 • 3 yrs 11 mos

Author Solutions, LLC

Is a self-publishing company that helps independent authors publish their stories. As a graphic illustrator, I was responsible for doing interior illustrations and graphical elements for a book project.

Web & Graphic Designer • Dec 2010 - Jun 2011 • 7 mos

DNA Micro, Incorporated

DNA Micro is a software development company that is dedicated to building scalable web and mobile applications. My role within the company was to design UI interfaces needed for the web and mobile development teams as well as code the front-end template of a given project.

TECHNICAL PROJECTS

Products to Cart • Source Code • Live Project

E-commerce Homepage with Vanilla JavaScript & Contentful

An E-commerce front-end page project where we can add items to the cart. The activities done on this page are stored in LocalStorage. I used Contentful for the data but at first, it was just a static JSON file.

Testimonial Component • Source Code • Live Project

A Carousel Component with Vanilla JavaScript

A dynamic and responsive testimonial component where we can slide right or left and remain on the current slide upon browser resize.
