Filezilla, Git, VSCode, Photoshop, Illustrator, XD

EMPLOYEMENT

Junior Web Builder • Feb 2017 - Apr 2018 • 1yr 3mos

CML, MOPRO Philippines, Incorporated

Mopro is an information technology company that creates web development solutions to small and large scale business. I was responsible for building dynamic and responsive web pages using the company's content management platform.

Graphic Illustrator • Aug 2011 - Jun 2015 • 3yrs 11mos

Author Solutions, LLC

Is a self-publishing company that helps independent authors publish their story. As a graphic illustrator, I was responsible for doing interior illustrations and graphical elements for a book project.

Web & Graphic Designer • Dec 2010 - Jun 2011 • 7mos

DNA Micro, Incorporated

DNA Micro is a software development company that is dedicated to building scalable web and mobile applications. My role within the company was to desgin UI interfaces needed for the web and mobile development teams as well as code the front-end template of a given project.

OTHER EXPERIENCES

Freelance Illustrator & Graphic Designer • Since 2015 • 7yrs

I've been doing freelance in other platforms as well as direct to pay clients. My projects usually consists of character design, fantasy art & some custom illustrations but mostly character design.

upwork • fiverr

TECHNICAL PROJECTS

Products to Cart • Source Code • Live Project

E-commerce Homepage with Vanilla JavaScript & Contentful

An E-commerce front-end page project where we can add items to the cart. The activities done in this page is stored in LocalStorage. I used Contentful for the data but at first, it was just a static JSON file.

Testimonial Component • Source Code • Live Project

A Carousel Component with Vanilla JavaScript

A dynamic and responsive testimonial component where we can slide right or left and we remain to the current slide upon browser resize.
