I'm an illustrator and concept artist with a focus on visual storytelling, character design, and illustration. I aspire to become a software engineer in the future and in my free time I'm studying my Udemy courses to get to that path. Currently, I'm building React web templates for my client at Upwork.

Web Technologies
HTML5, CSS3, JavaScript, Sass, React, Github, and

Tools & Apps
Git, VSCode, Photoshop, Illustrator, Figma, and XD

EMPLOYEMENT

Freelance • *Jul 2024- Present*
